Annual monitoring fee

An annual monitoring fee of £980 per annum contributes towards the costs of monitoring an accredited course and added value activity such as industry engagement initiatives. This fee will only be charged if the course is successfully accredited. The annual accreditation fee is invoiced retrospectively at the end of each academic year for a 4-year period.

Re-accreditation

At the end of the 4-year accreditation cycle, courses can apply for re-accreditation by following stages 1 and 2 above. ScreenSkills also reserves the right to charge additional fees if more than one monitoring visit is required during the 3-year accreditation cycle.

Advisory Visits

Advisory visits are used to provide extra support to a course either prior to the accreditation application or in addition to the monitoring visits once a course is accredited. The fee for an advisory visit is £700 and is a one-off, non-refundable fee which contributes to the costs of a small visit team and any travel expenses.

Fees for appeals

The fee for an appeal is £250. All fees for appeals are refundable if the appeal is upheld.

Payments

At each stage, we cannot process your application until payment has been received unless a staggered payment plan has been agreed. Once your application has been submitted, we will send you an invoice. Please forward payment to ScreenSkills. The preferred method of payment is via BACS upon receipt of a sales invoice but cheques will be accepted. All payments are non-refundable.
