

## Umulkhayr Mohamed: Project coordinator in film exhibition

My name is Umulkhayr Mohamed. I'm a project coordinator.

So I work with film exhibitions, so that's independent cinemas, film festivals, film societies, to put on activity for their local communities across the UK.

I come from a background where people don't really know these kinds of jobs exist.

ScreenSkills have helped me by showing me what sort of opportunities exist across the film sector.

Find your future. ScreenSkills.
